Ukulele:						
Guitar:						

INTRO

D_m G

VERSE ONE

C **Am** **D_{m7}** **G**
It's okay to fill your heart with love until it bursts

C **Am** **D_{m7}** **G**
And little pieces scatter all around the universe

C **Am** **D_{m7}** **G**
Just like shooting stars they'll burn across the icy sky

C **Am** **D_{m7}** **G**
Then people make a wish and kiss and hope that they can find

PRE-CHORUS

F F G G F F G G
One more chance to feel like this to just let go and fly

CHORUS

C **Am** **C** **Am**
Freefall into love, every chance you get

D_m **G** **C** **G**
Freefall into love, to feel the full effect

C **Am** **C** **Am**
Freefall into love, every chance you get

D_m **G** **D_m** **G**
Freefall into love

VERSE TWO

C **Am** **D_{m7}** **G**
Crazy things start making perfect sense inside your brain

C **Am** **D_{m7}** **G**
When you're leaping out of a perfectly working aeroplane

PRE-CHORUS

F F G G F F G G
You feel the rush is this love, is this love, is this love, oh just let go and fly
